EDUCATION

B. Tech. in CS-IT

Symbiosis University of Applied Sciences

08/2016 – 06/2020

9.09

Course

- Computer Science and Information Technology

H.S.C.

Kendriya Vidyalaya No. 1 Indore

03/2016

87.2%

Courses

- PCM+CS

PROJECTS

Snake Game using Computer Vision (09/2018)

- Computer vision implemented using python libraries for enhanced and revolutionary game-play.
- Camera used as a input device to track the movement and to make the game interactive

EXPERIENCE

Research Intern

Symbiosis University of Applied Sciences

07/2019 – 05/2020

Indore

Machine Learning and Neural Network

- Comparative analysis of different Convolutional Neural Network algorithm for Image Classification.
- Trained and compared 5 of the most popular Convolutional neural networks
- Used CIFAR-10 and CIFAR-100 datasets.

Technical Intern

State Cyber Cell Indore

06/2018 – 07/2018

Indore

Achievements/Tasks

- Developed a Complaint Management System that registers the complaints on the system within 100 seconds and automatically allocates it to the on duty officer.
- Analysed and Solved Real-world Cyber Crimes.

SKILLS

A.I & Machine Learning

Cyber Security

Data Science

Decision Making

Technical Knowledge

Self Starter

Punctuality

Team Work

Communication

ACHIEVEMENTS

Science exhibition

Two times state level qualifier

Computer Society of India

An active member of CSI.

Help Age India: Fund raising event

Raised funds for those who were in need.

CERTIFICATES

NVIDIA-DeepLearning-Computer Vision (07/2019) [🔗](#)

NVIDIA-DeepLearning-MultipleDatatypes (06/2019) [🔗](#)

Python Data Structures (03/2019) [🔗](#)
